PARIS REPORTS A GREAT VICTORY IN MACEDONIA

FRESH ATTACKS BY SERBS PROVE SUCCESSFUL EAST OF MONASTIR

GERMANS ON WEST FRONT FORCE FRENCH BACK

GREEK SITUATION BECOMES COMPLICATED AND IS WORRY TO ALLIES

Despite the unsatisfied conditions of Greece, which has greatly militated against the Entente operations in Macedonia, fresh and successful attacks by the French and Serbs are reported today. Paris announced a great Serbian victory on the Vardar river, in the region southeast of Monastir, where the town of Brod is declared again to have been captured from the Bulgarians. A delayed Sofia dispatch says an attack on the Serbs failed. The French continue their westward pressure southwest of Pernik, withholding fierce counter-attacks of last night, where they captured German first lines.

Desperate Fighting on Somme.
Berlin, Oct. 19.—Desperate fighting yesterday occurred on the Somme; it was announced today. The attacks are said to have failed partially, under force of German fire. All positions are being held or recaptured. The Germans took the offensive at Vullysien yesterday and captured Russian trenches on the west bank of the Stokhod. Russian attacks near Bubnow were repulsed.

War to Last Another Year.
British Front, France, Oct. 19.—The war will last another year, according to the opinion of British soldiers and leaders. This also is the opinion of the Germans, if the views of prisoners count for anything.

The Germans thought the Somme offensive was the last thrust, now they recognize that the fight is to a finish. They are determined to make every village on the western front a fortress.

CUNARD LINER SUNK IN ENGLISH CHANNEL

New York, Oct. 19.—The Cunard liner Calunia was sunk by a mine in the English channel between Fallmouth and London, according to cable advices to the Cunard line officials. Officials believe all of the passengers landed at Falmouth, according to custom. The Calunia sailed from here October 7th. Part of the crew is reported missing.

GERMAN DIPLOMATS HERE SAY THE BREMEN IS LOST

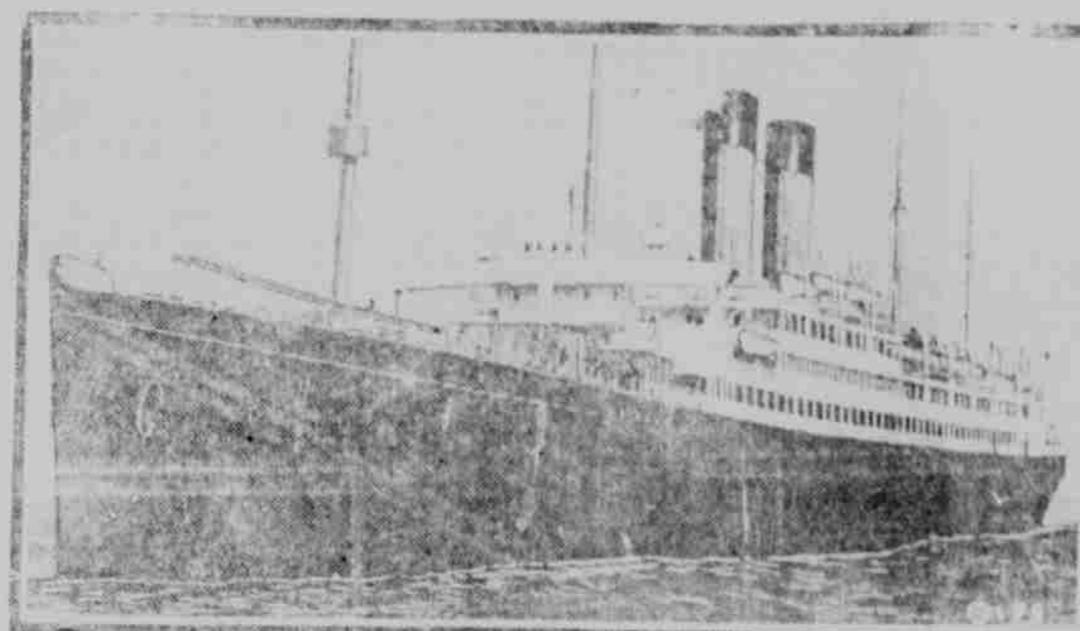

Washington, Oct. 19.—The loss of the German submarine merchantman Bremen, is considered by ranking Teutonic diplomats, who are in a position to be familiar with the movements of that vessel. The Bremen is now a month overdue.

It is admitted by German officials here and in Berlin, that they don't know the fate of the Bremen. They know it left Bremenhaven and that is all.

BISHOP HUGHES PRESIDES AT M E CONFERENCE

Enid, Oct. 19.—Bishop Edwin H. Hughes presided at the Methodist Episcopal conference here today and said that the reports of the district superintendents showed increase in membership and great spiritual activity.

GREAT LINER WITH VALUABLE CARGO DECIES THE U.S.

TRAIN ROBBERS BLOW EXPRESS SAFE GET \$10,000

MAIL CLERK NORMAN KILLED; POSSE OF OFFICERS IN CLOSE PURSUIT

(Continued on Page Five)

Despite the operations of French and Serbians, including the Adriatic White Star liner loaded with the most valuable cargo in millions of dollars to be sent to England, however, the subversives are not to be seen. It is believed they are concealed by French cruises, not far offshore, and the relatives of 200 passengers on board will not rest until she is safe in a British harbor.

MANY CLAIM RELATIONSHIP

TO THE LATE HETTIE GREEN

TRUSTEES BESEIGED BY HUNDREDS OF CLAIMANTS WHO WANT RECOGNITION

(Associated Press)

New Bedford, Mass., Oct. 19.—Claiming relationship to the late Mrs. Hettie Green, the richest woman in the world, hundreds of people all over the United States have been writing to the trustees of the Lydia Ann Howland estate demanding a share in the Howland fortune. This sum, amounting to about \$15,000, released for distribution by the death of Mrs. Green, who had a life interest therein, is to pass to the lineal descendants of Captain Howland of Dartmouth. Mrs. Green's grandfather of textiles claimants are springing up daily from every state in the Union, but they are doomed to disappointment, because, as those in the foundation for their claims.

The Howland was one of the boldest that has been pulled off in years.

It is thought by officers that the robbers are part of a gang of men who have been following a motion picture outfit now camped near Red Hook.

It is said the robbers stayed far from the safe in the express car, which they blew open with a charge of nitroglycerine.

Guthrie Officers Take Fast Ride.
Deputy Sheriff Grand Bespoon and Lt. Robertson accompanied Detectives Emmett Green and Vanpum on a special train to the scene of the robbery last night. The trip was made to Perry in just a minute and a half, 10 miles north. A special train composed of a box car and coaches

was used to transport the officers.

The trustees have the complete list of the heirs, who are 15 in number, embracing every person who can be included, and have notified all of them in regard to the coming distribution. Although hundreds of others who bear the names of the inheriting families have written to the trustees, attempts to add to the list are proving futile, because of the thoroughness and accuracy with which the terminology of the Howlands has been compiled.

Customers Lie Down.

As usual, the business stopped at the corner of the street, and remained in the quiet and cool air, after having the sun beat into the vault and cellar, than sat placing the fan in a corner. While the robbers were in process of systematical entry into the vault and they too were compelled to lie down.

When the robbers had supplied themselves in the vault they commanded the safe-keepers and their customers to march into the vault. The vault-doors were then locked and the robbers left the building and jumped into the walls of the automobile.

A short time later the robbery began.

GUTHRIE AND OKLAHOMA CITY HIGHS TO MEET HERE NEW ELECTRIC LIGHT SCHEDULE IS ANNOUNCED

The Public Service Company of this city announces a revised schedule of electric rates for general lighting. The new rate has been approved by the state corporation commission and will become effective from October 1, 1916. A minimum charge of \$1.00 per month per meter is made in the new schedule. The rate per month per kilowatt is lowered.

Guthrie high school will play Oklahoma City high school in football on Friday of this week instead of Perry high school. Perry is unable to compete due to a lack of a contract which they have with Medford to play them.

Oklahoma City is strong in every place of the game and they are determined to win from Guthrie. If Guthrie high school puts up her usual game it will be a "toss-up" through out the game as is the outcome.

Since the game with Fushing last Friday the local team has been working hard on the rugged places that showed up and also on plays. The team has the right and "pop" for the game Friday and they are pulling hard for another victory.

As there is a double header again this Friday in football, the second game will be the Methodist University versus the Shawnee Baptists, the high school game will be played early.

The Baptists are also strong and the game between them and the university will be a hotly contested one.

The lineup for the high school will be as follows: Hedhart Wilber, Vearl Van Meter, Earl Walker, Ed Bruce, Elmer Thurston, Virgil Rider, Paul Luce, Gordon Blerer, Geo Barnhart, Bert McLean, Wm Weinheimer, John Packett, Glen Donaldson and Ovid Davidson.

The lineup for the high school will be as follows: Hedhart Wilber, Vearl Van Meter, Earl Walker, Ed Bruce, Elmer Thurston, Virgil Rider, Paul Luce, Gordon Blerer, Geo Barnhart, Bert McLean, Wm Weinheimer, John Packett, Glen Donaldson and Ovid Davidson.

Wileman is one of the country's leading cooks. Her work takes practical baking powder or food concern. She

form. She differs from many culin-

ary experts, who, as a rule prepare a

lot of high-brow dishes before their

school opens Monday afternoon at

audiences which serve no definite

purpose. Mrs. Wilcock is a charming Friday.

Leader Cooking School at City Hall Next Week

A free cooking school will be given next week by the Daily Leader in the City Hall Auditorium.

The school as a cook expert and is a regular contributor to the leading culinary

books.

The free cooking school is a home

cooking proposition complimentary

to making the school of great interest to the ladies of Logan, Payne and Noble counties. All are invited. No

school fees.

The school next week promises to

duplicate the record of last year. My

Wilcock does not represent any

commercial concern. She is paid by the Leader to conduct this

school in behalf of the ladies. The

lot of high-brow dishes before their

school opens Monday afternoon at

audiences which serve no definite

purpose. Mrs. Wilcock is a charming Friday.
